Florence Nightingale was the daughter of a rich family in England. Her parents wanted her to become a person of high social class, but Florence had other plans.

By the time she was 12, she was determined to “do something worthwhile(值得做的).” She liked books. She enjoyed caring for sick farmers. Once she even saved the life of an old farmer’s dog that had broken its leg.

At the age of 16, she began to read a lot of nursing(护理) books. She visited hospitals in London and other places. She finally went to Kaiserwerth Hospital in Germany to study. After her graduation, she returned to London and got a job running a hospital.

She saved thousands of lives. People called her an angel(天使) in the hospitals, but she herself became ill with a disease she got there. In her later years she was not able to travel, but people came to her from all over the world for her advice.

Dear Manager,

I am writing to you to complain about service in your hotel. I had a terrible stay in room 2532 of Orange Hotel from the 16<sup>th</sup> to the 19<sup>th</sup> in March 2019 when I came to Beijing on business.

Firstly, the air conditioner in my room could not operate properly. I asked your front house manager for help and she told me she would send someone to my room to check it immediately.

No one came. As a result, I was very cold every time I was in the room.

Secondly, I found the bathroom was dirty and the hot water was always warm.

Thirdly, the noise at night was extremely loud and I found it difficult to sleep.

I hope you will give immediate attention to the service in your hotel.

Yours faithfully,

John Smith
